Review Text: (Translated by Google) A fun adventure, but the volume is way too high on the bus. The speakers are placed right next to your ears, which somewhat spoils the story told by the actor. The part where you get off the bus and walk through a cemetery was very nice. A bit pricey, though.

Aventure sympathique mais le volume est beaucoup trop élevé dans le bus. Les hauts parleur sont placés à côté des oreilles et gâche un peu l'histoire raconté par l'acteur. La partie où l'on descend du bus pour passer à travers un cimetière était très sympa.
